

Masnun Iqbal

Aspiring Software Engineer

email: masnuniqbal2015@gmail.com

phone: +1 (240) 571 6432

Summary

I am an 18 year-old freshman at Temple University with prospects of ultimately becoming a Software Engineer. The process of taking small instructions and turning it into a larger, extensive piece of software has always piqued my interest.

Work Experience

Volunteer | Bowie State University | 21 Jan 2023

Served as a volunteer at Bowie State University for a FIRST Lego engineering competition.

- Set up tables for all the teams every round and lifted heavy objects..
- Communicated with my team to efficiently ensure all the setups were ready.
- Handled support needed by the teams and answered their questions.

Education and Achievements

Temple University, Philadelphia, PA | 2024 - present

- Major in Computer Science.
